ANTHONY LAVEZZO

Full Stack Developer

📞 +1-415-623-0067   @ lavezzo.ae@gmail.com   🔗 lavezzoae.herokuapp.com | github.com/alavezzo   📍 San Francisco, CA

SUMMARY

Entry Level Full Stack Developer with a background in biopharmaceutical manufacturing. Driven and passionate. Looking to deepen my knowledge of cutting-edge programming technologies and develop impactful applications.

EDUCATION

B.S. in Biological Sciences
Unversity of California, Santa Barbara
2014 - 2018   Santa Barbara, CA

Award of Completion - The Coding Bootcamp
UCLA Extension
2021

WORK EXPERIENCE

Volunteer Product Manager
Develop For Good   Date period   Location
Develop For Good develops impactful applications for nonprofit organizations.
- Managing the development and design of a mobile application that facilitates the connection between Mentors and Mentees in The Pathway Initiative Program
- Schedules and drives team and client meetings
- Identifies and communicates scope of work and maps project goals
- Drafts and finalizes case study
- Conducts user outreach groups

Associate Manufacturing
Amgen   2019 - 2021   Thousand Oak, CA
Amgen is a multinational biopharmaceutical company. As a member of the Purification department, I supported the production of clinical and commercial monoclonal antibody drugs.
- Performed hands-on operations: set-up, cleaned, sanitized, prepared tanks and tools for protein purification processes
- Performed and monitored critical processes
- Executed routine validation protocols
- Assisted in the review of documentation for assigned functions (e.g. equipment logs, routine area audits, batch records)
- Logged batch records and managed inventory using MES
- Performed sampling of media and equipment
- Trained staff to perform hands-on tasks

Barback
Élephante Beach House   2018 - 2019   Santa Monica, CA
High-end rooftop bar and restaurant located on Santa Monica's busy 2nd St.

Server and Prep Cook
Circle Bar B Guest Ranch   2017   Goleta, CA
Rustic guest ranch and event venue just removed from beautiful Santa Barbara

SKILLS

Client-Side

HTML   CSS   JS   React   Tailwind
Bootstrap   Handlebars   Chakra UI

Server-side

Express   MySQL   NodeJS
MongoDB   Insomnia

Development & Operations

Jest   Agile   GIT   Heroku   MVC
MERN

PROJECTS

Covid Venue Tracker
https://github.com/alavezzo/covid-app | https://covid19-venue-tracker.herokuapp.com/
User reviews of venues' adherence to Covid-19 safety precautions
- MVC pattern: MySql, NodeJS, Express, JS, Handlebars, Tailwind
- Structured API Routes and Controllers and Sequelize Models
- Handled integration of User Authentication
- Frontend JavaScript and CSS

Employee Database and Interface
github.com/alavezzo/employee-tracker
Database for Employee Information and Command-Line Interface

- JavaScript, NodeJS, MySql, Inquirer

STRENGTHS

⭐ Team Leadership
Performed lead duties at Amgen

🧪 Research
Research Immersion in Molecular Biosciences Laboratory Course at UCSB
